Attached

1.2 COUNCIL RESOLUTION

Resolution No: C

Refer to the recommendations contained in this report.

1.3 EXECUTIVE SUMMARY

LEGAL REQUIREMENTS

In terms of section 52(d) of the MFMA, the Mayor of a municipality must, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state affairs of the municipality.

Quarterly reports are submitted in a prescribed format on the state of the municipality's budget reflecting the following particulars for that quarter and for the financial year up to the end of that quarter.

- Actual revenue, per revenue source;
- Actual expenditure, per vote;
- Actual capital expenditure, per vote;
- The amount of any allocations received and actual expenditure on grant allocations excluding expenditure on the equitable share.
- the actual expenditure on those allocations
- when necessary, an explanation of-
- any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote;
- any material variances from the service delivery and budget implementation plan; and
- Any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget.

1.3.2 FINANCIAL PERFORMANCE

BUDGET SUMMARY

The following table represents an executive summary for the 4th Quarter of the financial year ended 30th June 2022:

| | 2020/21 | | | | Budget Y | ear 2021/2 | 2 | | |
|---|--------------------|--------------------|--------------------|----------------|------------------|------------------|-----------------|-----------------|-----------------------|
| Description | Audited Outcome | Original Budget | Adjusted Budget | Monthly actual | YearTD actual | YearTD budget | YTD variance | YTD variance | Full Year Forecast |
| R thousands | | - | | | | _ | | % | |
| Total Revenue (excluding capital transfers and | 333 931 | 309 163 | 327 992 | 8 880 | 311 990 | 327 992 | (16 002) | -5% | 309 163 |
| Total Expenditure | 301 885 | 323 462 | 339 729 | 26 743 | 298 104 | 339 779 | (41 675) | -12% | 323 462 |
| Surplus/(Deficit) | 32 046 | (14 299) | (11 737) | (17 863) | 13 886 | (11 787) | 25 673 | -218% | (14 299) |
| Transfers and subsidies - capital | 41 465 | 35 370 | 42 145 | 4 507 | 37 381 | 42 145 | (4 765) | -11% | 35 370 |

Table 4.1

Total Operating Revenue from (July-June 2022)

The table below reflects trend of the revenue from July to June 2022

8

Revenue:

The Year to Date (YTD) total revenue earned is R 312 million for the period ending 30th June 2022 excluding capital conditional grant income. The YTD Budget is R 328 million; therefore, this reflects an under performance against the revenue projected by -5%, this is a reflection that the municipality has achieved its revenue performance budget.

Property Rates

The municipality accounts for revenue on an invoice basis in line with GRAP requirements. This means that the revenue is recognized when the bills are performed and the total amount billed to date being R43.7million. our Municipality took a decision to Bill rates for 10 months and the process does not have any negative effect on revenue but it has just been compressed to cater for window period June and July, no income foregone in the process. This is to encourage people to pay, and pause during window period provided they are up to date and catch up if they are in arrears.

The actual cash collected being R 509 thousand for the month ended June 2022.

Service Charges: Electricity

 As indicated above, also revenue for service charges- electricity is recognized on an invoice basis and the total amount billed is R45.4 million (current month – R4.6 million) which equates to an over billing of 16% when compared to the total R39.2 million pro-rata electricity revenue budgeted. A number of customers that moved to prepaid system which resulted in lesser billing on electricity and also is due to seasonal fluctuations that electricity consumption increases in winter months as compared to summer months.

The actual cash collected is R5.6 million for the month ended June 2022.

Service Charges: Refuse

As indicated above, also revenue for service charges- refuse is recognized on an invoice basis and the total amount billed is R10.8 million (current month – R946 thousand) which equates to an over billing of 13% when compared to the total R9.5 million pro-rata refuse revenue budgeted. this variance is due to additional properties that were billed as identified in the Supplementary Valuation Roll expected to have a significant impact at the end of the financial year. The variance is acceptable, the business refuse always increases during the more economic active months.

The actual cash collected is R284 thousand for the month ended June 2022.

Planned Interventions to Increase Collections (Property rates and Service **Charges**)

- On a weekly basis, a list of top 20 debtors (businesses, government and domestic) is extracted from the debtors list.
- Debtors selected are encouraged to come and make arrangements for payment;
- In the event that they still default on payments, these debtors are written final demand • letters and if no positive response is received, a process of effecting service disconnections ensues in line with our credit control policy.

Rental of facilities & Equipment

 Revenue from rental of facilities recognised amounts to R149 thousand in comparison with the year to date budget amount of R170 thousand thus indicating an under performance of R21 thousand or 12 percent. A majority of the Municipal Houses are vacant as Tenants could not afford rent and Electricity bill as it is a bit high with the yearly increases.

Interest earned _external investments

Investment revenue is the amount of interest earned on the amount invested with various financial institutions registered with South African Banking Council. The amount collected to date as interest earned amounts to R7.9 million resulting in a 44 per cent over collection of the pro-rata budget to date. Variance is due to the cash available from previous year cash backed reserves and additional grants received. In line with the investment policy, funds are invested on call accounts with institutions offering the highest possible interest rates. The municipality will remain with the same budget as there are additional funds that have been re invested, budget allocated will be met at year end. A total of R5.9 million had been accumulated through the External investment.

Interest earned outstanding debtors

- In line with council adopted credit control policy, the municipality charges interest on arrear debtors.
- Interest earned on outstanding debtors amounts to R3.4 million in comparison with the year to date budget of R3.7million, thus indicating an under performance by R352 thousand or -9 percent, variance is based on the outstanding debtors for that period. Interest on outstanding debtors has been charged at a rate of 2% as approved by Council.

Fines, Penalties and forfeits

 Fines are underperformed by 60 percent or R265 thousand, with an actual amount of R 106thousand variance against year to date budget projections of R159 thousand. This is mainly due to the culture of non-payment and adverse economic conditions Revenue reported to date is on cash basis, as the municipality accounts for fines in terms of iGRAP 1 during year end.

Licences and permits

 Licences and permits have overperformed by 19 percent or R129 thousand with an actual amount of R789 thousand as compared to budget of R660 thousand, variance is due to fully operations of DLTC Centre.

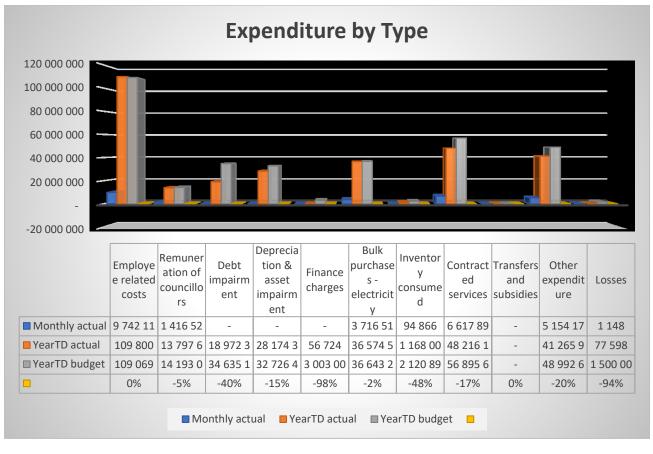

Transfers & subsidies

- Transfers and subsides recognised operational amounts to R198.5 million in comparison with the year to date budget of R220.3 million, thus indicating an under performance by R21.8 million or 10 percent, variance is mainly attributable to the municipality receiving the 3rd trench of the Equitable Share and realisation of operational grants spent as conditions have been met for EPWP, FMG, Library Grant. Further to that it should be noted that all grants that were publicized have been received by the municipality.
- Transfers and subsides capital amounts to R37.4 million in comparison with the year to date budget of R42 million, MIG grant has been fully spent at year end. (Detailed report on MIG expenditure has been provided below)

Other Revenue

 The majority of the Council own funded sources are budgeted under this category. The year to date performance in Other Revenue amounts to R1.2 million more than anticipated YTD budget of R2 thousand, thus indicating an under performance of R746 thousand or 38 percent, variance is mainly due to seasonal fluctuations and level of demand for these items e.g, tender fees, connection and disconnection fees.

Table 4.3

Total Operating Expenditure from (July - June 2022)

Operating Expenditure:

 The total operational expenditure YTD Actual for the period ending 30th June 2022 amounted to R 298.1 million against the planned target of YTD budget is R 339.8 million. As at the end of June the operational expenditure budget has been under spent by 12% or R41.7 thousand. Detailed expenditure analysis is below:

Employee Related Costs

- Employee related costs YTD expenditure for the period ending 30th June 2022 amounted to R109.8 million while the YTD budget was R109.1 million, there is no variance in this line item.
- Furthermore, to that it should be noted that employee bonuses are now being paid on their birth month not in November as it was previously done in the prior years.

Remuneration of Councilors

The expenditure on councilor allowances as at 30th June 2022 was under spent by R 395 thousand. The YTD Remuneration of Councilor's budget was R14.1 million whilst the actual expenditure incurred results in under-expenditure of 3% YTD expenditure performance. Variance is due to Cllrs upper limits which was approved by COGTA at 3% below to budgeted projections of 5%. Councilors increase and backpay was paid in the month of June 2022.

Debt Impairment

- The provision for bad debt is reflecting an under performance by 45percent or R15.7 million from YTD budget of R34.6 million against the YTD actual of R19 million. Debt impartment calculation has assumed the method below.
- The assumption is that you exclude all debtors with credit balances when calculating the provision. Provision for Bad debt is therefore calculated using the collection rate of 65% for debt within 90 days and 20% for any debt older than 90 days for all categories except Electricity. With Electricity the assumption is that 90% of the debt older than 90 days is still collectable.

Depreciation and Asset Impairment

 Depreciation and asset impairment are reflecting an under performance by 14 percent or R4.6 thousand against YTD actual of R28.2 million against the YTD budget of R33 million, variance is due to delays in acquiring capital assets that were planned to be procured and completion of projects that are still under work in progress as assets are depreciated when completed. However, budget will remain the same as the turnaround strategy will ensure that planned targets are met.

Finance Charges

- Finance charges are reflecting an under performance by 98 percent or R2.9 million against YTD actual of R57 variance is due to interest paid towards Wesbank for Finance Lease. A journal for this line item will be processed during the for Year-end proceeds.
- Another contributing factor to finance charges is the reclassification of retirement benefit obligation interest costs in accordance with GRAP 25, this calculation will be done during year end after assessment by Actuarial Report has been completed for the year.

Bulk Purchases

Bulk purchases relate to electricity purchases that the municipality purchases from Eskom for revenue generation stream, as the municipality has the license authority within ward 3. To date the expenditure on bulk purchases totals to R36.6million (current month – R3.7 million) when compared to the projected budget of R36.6million, variance is 0(Zero) there is no variance to this line item as expenditure is in line with budget.

Inventory Consumed

 Inventory Consumed are reflecting an underperformance by 45 percent or R953 thousand from YTD budget of R2.1 million against the YTD Actual of R1.2 thousand, variance is due to the implementation of procurement plan. The municipality has reviewed its repairs and maintenance plan so as to ensure that the infrastructure of the municipality is regularly monitored for its aging.

Contracted Services

Contracted services expenditure is reflecting an under expenditure by 15 percent or R8.7 million from YTD budget of R56.9 million against the YTD actual of R48.2 million, variance is due to the implementation of procurement plan, however it was anticipated that a lot of expenditure will be incurred because of the withdrawal of Covid-19 directions. Further to that COVID regulation had an impact on this line item as bulk of expenditure budgeted for this item involves community participation, most of planned programs have been postponed until situation becomes normal.

Transfers & Subsidies

 Transfers & Subsidies has been reclassified under Other expenditure so as to consider findings raised by mSCOA Co-Ordinator. Therefore, this expenditure is part of Other Expenditure.

Other expenditure

- Other expenditure has underspent by 20 percent or R7.5 million from YTD budget of R36.6 million against the YTD actual of R29.1 million, variance is due to activities that that took place in the 1st half of the financial year and the decision the municipality took on implementation of cost cutting measures so as to improve the municipal cash flows.
- Other expenditure The majority of items are not a straight-line expenditure some are paid where it is needed e.g. printing and stationery, mayoral projects, external services etc. Certain expenditure items are based on a seasonal commitment.

Capital Expenditure Analysis:

The YTD capital expenditure budget is R 84.3 million against YTD actual Capital expenditure amounted to R 58.8 million resulting in over under performance of (30%) on capital expenditure. Variance in capital expenditure were due to technical challenges that were experienced with the implementation of capital projects. *(Detail Report on Implementation of Capital Projects below)*

FINANCIAL RATIOS AND NORMS

Current ratio: The municipality's current assets are 4 (FOUR) times that of current liabilities. **4:0.26**

The ratio measures the short-term liquidity, that is, the extent to which the current liabilities can be paid from current assets. The higher the ratio, the healthier is the situation. The ratio of 3,83:0.26 is favorable as it is above the norm of 1:1 normally set for municipalities. This indicates that there is sufficient cash to meet creditor obligations.

Liquidity ratio: The cash and cash equivalents are 4 time of the current liabilities.

Creditors' system efficiency: 99 percent of the creditors outstanding are less than 30 days.

Creditor's payment: it takes the municipality 0 days to pay its creditors

Outstanding debtors: billing far exceeds the collection on outstanding debt at the rate of 80 percent.

Collection days: 578 days it takes the municipality to collect outstanding debt.

Cost coverage: on average the municipality has sustained its existence for the period month without any grant funding.

Debtors collection rate: as at June 2022 is 80%

Cash and cash equivalent at the beginning of 2020/21 financial year was R181.9 million as per audited AFS and cash and cash equivalent at the end of 30^{th} June 2022 is R210.5 million.

Table C7 shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget.

REVENUE

- Property rates collection rate to date is 94% or R43.7million of the billed revenue, this is due to the municipality implementing strategies as per credit control and debt collection policy which has ensured that there is improved collection.
- Service Charges: electricity and refuse are 115% or R48.762million of billed revenue, further reconciliation will have to be undertaken for prepaid electricity as the municipality has vendors collecting on their behalf.
- Other Revenue collected to date is 74% or R3.1million, which is due to collection of rentals of properties, licenses and permits and other sources of revenue.
- Government Operating received to date as at 30th June 2022 is R218 million which has been split between grants received as publicized in DORA which amount to R202,1 million; R2.9 relates to Libraries, the amount of R12.9 million relate to Department of Human Settlement and R4.9 million for INEP Grant funding. It must be noted that the municipality serves as an agent in relation to Human settlement and INEP grants in accordance with GRAP 109 for the Accounting treatment.
- Government Capital: received to date is R43 million from MIG of R42.2 million and Library Grant (capex) R4.2 million, this is in accordance with the approved business plan.
- Interest on investment has collected to date 143% or R7.9million which is due to cash backed reserves of previous years and grants received.
- Decrease (Increase) in non-current receivables received to date is R18.3 million from SARS refund as at 30th June 2022.

PAYMENTS

- Suppliers and employees for cash outflows of R251 million as at 30 June 2022.
- Capital Assets of R47million corresponds with table A5.
- Increase (decrease) in consumer debtors has paid R6thousand with (YTD R158thousand) through repayment of deposits of customers converting from meter reading to prepaid system as the municipality implemented the system previous year.
- Repayment of borrowing to date is R910 thousand which is due to finance lease from Wesbank and lease of printers.

The total Consumer debtors outstanding as 30th June 2022 is R 181 509

- Debt book indicates 3.7% decrease from to 30 June 2021 to 30 June 2022, the debt book is very high.
- Debtors collection rate at June 2022 is 80%
- We are however maintaining and ensuring the collection of the current debt but our biggest challenge is the historic debt. We have since advertised to employ Debt collectors to use Debt Pack enterprise system, to follow up on outstanding debtors on daily basis. We will soon be conducting interviews, employ and train debtors' collectors.
- There is a challenge of high level of debt that calls for reassessments of the debtors, impairments.
- It is quite a challenge to collect satisfactory revenue from Sundumbili since we do not have any leverage to restrict in order to encourage regular payments from consumers thereon. I.e. Eskom is licensed to supply electricity.
- The high debt is mainly due to non-payment by Household in Sundumbili.
- Interventions have been made which are expected that they will change the current status, as the municipality is placing every effort in ensuring that we collect and recover the outstanding debt.
- We are currently undergoing the process of categorizing our book per various customers so that we know which ones to chase once our debt management system is up and running.
- We have also initiated a meter audit exercise, through Conlog, in order to ensure that we receive all the funds due for electricity supplied without any household temering with our meter and steal electricity.

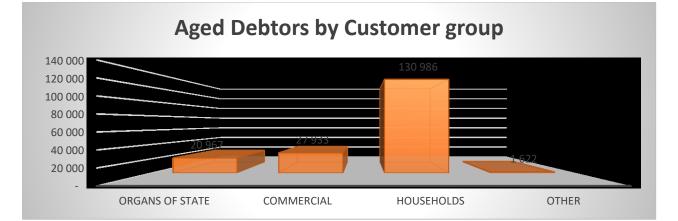

Debt collection measures have been improved after the policy review by issuing summons with the intention to attach movable property. This initiative is however a slow process because of sheriff's involvement. They cannot cope with the number of summons to be served, upon attachment of movable properties for sale in execution, the sheriff returns with "nulla bona" which defeats the entire process. Property owners are not regular domiciles of properties indebted to council and have since left with no possible trace, legal proceedings cannot be extended further since courts are reluctant in granting intended judgement (section 66 declaring properties especially executable) as the said properties are primary residents to the latte's relatives or dependents.

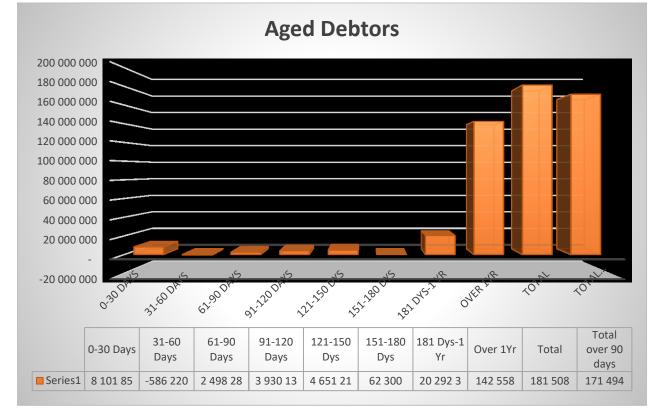

The following activities are undertaken in ensuring that that debt management is monitored:

| 200 000 000 180 000 000 160 000 000 140 000 000 120 000 000 100 000 000 80 000 000 60 000 000 40 000 000 | | Cate | gory per | Service | S | | |

The information presented in the chart above show an increase in the outstanding debtor's balances from 1st July 2021 of R 165.6 million when compared to the current period as at 30th June 2022, bringing the total outstanding debtors balance to R 191.4 million.

Councilors and Employees in Arrear

- There were no Councilors in arrears as at 30th June 2022 with the municipality.
- Staff Accounts in arrears as at 30th June 2022 is R 228 thousand however it should be noted that they have decided to have payment arrangements with the municipality to settle this outstanding debt.

| TOTAL INVESTMENTS AND INTER | 2 | | | | | | 228 588 | 147 | (93 226) | 68 633 | 204 143 |

The cash flow situation is still a critical aspect for the Municipality and is being constantly monitored. However, the liquidity ratios have almost reached the acceptable standard norms but still need to be monitored on a continuous basis.

Closing balance for call investment deposits as at 30th June 2022 is R204.1 million with an interest generated of R147 thousand.

The municipality has re-invested additional money market investment accounts with Nedbank and invested an amount of R65 million from its cash backed reserves of previous years. The municipality took a decision to increase its revenue source by re-investing its cash back reserves from institutions which offered better interest rates. Preserving the investment in existing infrastructure needs to be considered a significant strategy in ensuring the future sustainability of infrastructure and the municipality's revenue base.

Grant Expenditure Analysis:

The total operational YTD grant expenditure as at 30th June 2022 is R 187 million which has been split between conditional and unconditional grants. Conditional Grants YTD expenditure as 30th June 2022 is R11.0 million and Equitable share as unconditional Grant expenditure as at 30th June 2022, YTD R176million.

- FMG expenditure year to date is R1.9 million which is 100% spent.
- EPWP expenditure year to date is R2.4 million at (100%). Expenditure towards this grant is has exceed limit as per quarter 2 performance, this is due to payments paid towards epwp beneficiaries and the increase that was approved by Public Works. With performance reported it is evident that the municipality will have to co-fund this project as there won't be enough funds towards year end.
- Library expenditure to date is R3.1 million which is 100% spent.
- INEP expenditure to date is R1.9 million with a remaining balance of R835 million. A set-off of R2 was done by National Treasury. *Detailed explanation of the grants has been provided below under service delivery performance and progress on spending of grants.*
- MIG operational expenditure (PMU) to date is R1.7 million (91%) with a remaining balance of R176thousand.

The total capital YTD grant expenditure as at 30th June 2022 is R 43.4million which has been split as follows:

• MIG capital expenditure to date is R42.3 million (100%).

3. EXPENDITURE MANAGEMENT

3.1 LEGAL FRAMEWORK

As part of the Quarter 4 Report the analysis of expenditure pattern and the cash flow is highlighted.

The reflection is critical on issues that impact on unauthorized expenditure, irregular expenditure and fruitless and wasteful expenditure. Circular 97 give guidance and caution to practices that might lead to these expenditure categories.

As we give details to these categories it is important to briefly give proper meaning of the terms to avoid misinterpretation. And in order to provide appropriate corrective measures.

3.2 COST CONTAINMENT MEASURES

In terms of Cost Containment Regulation and Circular 97 on Cost containment measured must be implemented to eliminate wasteful expenditure, reprioritize spending and ensure savings on various focus areas including events, advertising and sponsorship.

We have identified quite a number of areas that require urgent attention if we are to remain financially stable;

- S & T and Accommodation
- Catering services
- Study programmes
- Excessive staff and Interns
- SALGA Games
- Excessive use of consultants
- Unbudgeted requests from community & government agencies
- Unfunded mandates

3.3 BANK WITHDRAWAL REPORT
